**Works including renovations repairs and maintenance (prescribed works) are allowed to commence provided the following COVID-19 rules are followed:**

- In outdoor areas, no more than 5 people can undertake works at the same time
- In indoor areas, no more than 2 people can undertake works at the same time.
- If works are commencing in an indoor area, and other persons (members of the household) are present at the premises, they must stay in a separate area of the property from the consultant undertaking the works at all times.

**During this time, we kindly ask:**

- Masks to be worn throughout your appointment
